OPEN CALL - Residency 2018

- Are you an artist who has recently moved to Malmö?
- Have you attended art education in another country but now live in Malmö?
- Have you been living here for a longer time but miss a collegial context or contacts within the local art field?

UNICORN - Artists in Solidarity is a network of artists and cultural workers committed to solidarity in the artist community. By building collegial alliances and initiating conversations on how working conditions and free expression for artists are impacted by political change, we work to counteract reactionary and right-wing politics. We work to support each other in a precarious situation and run a residency program for artists at risk by mobilizing resources from local institutions and artist run spaces.

During 2018 we will run our third residency programme in Malmö. During this year we want to give two artists in different situations the possibility to meet and work together in Malmö. One of the artists is to be living in Malmö, the other artist is to be living outside of sweden but having a language or experience related relation to the artist living in Malmö.

You who are applying may very well have an idea or wish for a specific collaboration with an artist living or working in another country. You may very well apply without any idea of a specific collaboration and together with UNICORN find an artist to invite to Malmö.

UNICORN hereby invite you to apply to this year's residency programme taking place during the summer and fall of 2018. The exact time frame will be negotiated with the selected artists.

What UNICORN - Artists in Solidarity offers:

- A supporting context and network with colleagues
- Studios
- Accommodation throughout the residency
- Stipend
- The possibility to realize an exhibition or program as part of the residency

To apply you send an email to unicorn.malmo@gmail.com by latest 31 March. The email should contain the following information:

- Personal presentation and presentation of your artistic practice
- Portfolio, CV and link(s) to potential website or works

If you can't apply for this residency but still feel the need for a collegial context in Malmö, get in touch with us to meet up and get to know us!
